

15.2 Leave for Academic Activities

Students will be granted leave, without loss of scholarship for academic activities like attending conferences and conducting field work, provided it is certified by thesis supervisor or Convener, DPGC (if a supervisor is not allotted). The leave application for this purpose should be submitted to the Office of Academic Affairs. Further, students proceeding on leave for academic activities are expected to be present for registration, examination and all other mandatory activities. The student should not proceed on leave to visit abroad for attending conferences/seminars etc. without prior approval of the funding agency, well in advance. The entire duration of such foreign visits if funded by any national/international agency, whether partially or fully, would be treated as leave without stipend.
